Ki-il Park (South Korea)

October 11, 2023

President,
Thai Transplantation Society

Dear President,

RE: Bid result for Congress of Asian Society of Transplantation (CAST) 2027

We are writing to confirm that the Congress for the Asian Society of Transplantation (CAST) in 2027 has been officially awarded to Pattaya, Thailand, following the established procedures. This decision was reached at the AST Council Meeting held on August 25th, 2023, in Hong Kong, during CAST 2023. The vote from the council favored Thailand over open bidding with other contenders, making it the host country for 2027.

The AST Executive Committee extends its sincere congratulations on this selection and looks forward to working closely with the Thai Transplantation Society to ensure the successful preparation and execution of this prestigious event. We anticipate engaging in further discussions to prepare for future considerations such as the event's specific dates, venue, scientific programing among others.

Yours sincerely,

Prof. Kam Man Maggie Ma
President
Asian Society of Transplantation

Prof. Curie Ahn
Secretary-General
Asian Society of Transplantation
